

title (poster)	Authors	date
A Novel KRT5 Variant in a Multi-Generational Family Affected by Epidermolysis Bullosa Simplex	Iyla Draw BA BEM	21
A Validated Human Skin Wound Healing Model as a Basis for Developing an Epidermolysis Bullosa Disease Platform	Sebastien Teissier	21
Access to Atraumatic Dressings and Supply Needs in Epidermolysis Bullosa Care in Alagoas Brazil Final Survey with Pain and Quality-of-	Danielle Guedes Souza	21
ALGINATE HYDROGELS ENCAPSULATION OF LENTIVIRAL VECTOR FOR ENHANCED DELIVERY ON 3D SKIN MODEL	Daniel Casartelli	21
Application of the TLC-Ag Matrix in Wound Management for Epidermolysis Bullosa Lessons and Reflections from the Nursing	ANA CRISTINA DOS SANTOS MONTEIRO	21
Bespoke antisense oligomer-mediated splice modulating therapies	KRISTIN ALCYIA HAM	21
Beyond the Primary Mutation The Role of Genetic Modifiers in Epidermolysis Bullosa and Related Genodermatoses	KATARZYNA WERTHEIM TYSAROWSKA	21
Bridging the Gap in Neonatal Care for Epidermolysis Bullosa The “First Package” Program in Poland as a Model for Non-Systemic	Katarzyna Wertheim-Tysarowska	21
Butterfly Kit – Clinical and Logistical Support for Newborns with Epidermolysis Bullosa An 8-Year Review	JEANINE A MAGNO	21
Climatic and Environmental Challenges of Epidermolysis Bullosa Care in Brazil’s Unified Health System (SUS): A Narrative Review	Natalia Avelar E Lima	21
CLINICAL OUTCOMES OF EPIDERMOLYSIS BULLOSA SKIN LESIONS TREATED WITH A HIGHLY CONFORMABLE LIPIDO-COLLOID	SERGE BOHBOT	21
Clinical Study Landscape in Epidermolysis Bullosa A Living Scoping	GRETHA HECKE	21
Cooccurrence of KRT5 and TGM5 mutations in one family a rare observation linking epidermolysis bullosa simplex and acral peeling	NATALIA BIEN	21
Cutaneous Squamous Cell Carcinoma in Epidermolysis Bullosa A monocentric retrospective analysis of disease course and	NICOLE MUSCOLINO	21
DEBRA Colombia: Collaborative Model of Comprehensive Health Care, Social Inclusion, and Legal Support for People with	Nicole Cubillos Prieto	21
DEBRA PERU: FIRST NATIONAL REGISTRY OF PERUVIAN PATIENTS WITH EPIDERMOLYSIS BULLOSA	BRYAN EDUARDO RODRÍGUEZ RONCAL	21
Dental treatment needs in Epidermolysis Bullosa - a cross-sectional	SEBASTIÁN VELIZ	21
Development and validation of a nutritional deficiency assessment scale in patients with congenital epidermolysis bullosa	ORLOVA OLGA	21
Development of Cellular Platforms to Study Type VII Collagen Deficiency in Recessive Dystrophic Epidermolysis Bullosa	EMILY BRAUN/ Brasil	21
Early and particular cutaneous features in Kindler syndrome	CHRISTINE MARIE PIERRE BODEMER	21
EFFECTS AND MECHANISM OF EXOSOMES DERIVED FROM URINE-DERIVED STEM CELLS COMPOSITING WITH ZIF AND SIS HYDROGEL ON THE RECESSIVE DYSTROPHIC EPIDERMOLYSIS BULLOSA	ZHOU XINGLI	21
EFFICACY, TOLERANCE, AND ACCEPTABILITY OF A TLC DRESSING	Natividad Romero Haro	21
EVALUATION OF THE EFFECT OF IRON THERAPY ON NUTRITIONAL AND HEMATOLOGICAL PARAMETERS, DISEASE EXTENSION, AND PATIENT-REPORTED OUTCOMES IN PEDIATRIC PATIENTS WITH	MARÍA TERESA GARCÍA ROMERO	21
From Fragile Skin to Stronger Systems Insights from Ireland’s EB	SINÉAD HICKEY	21
From Research to Advocacy and Action Ireland’s EB Butterfly	Mary Nicholson	21
Functionalized matrix with combined secretome promotes wound healing by reducing inflammation and fibrosis in RDEB models in	GISELLE RAMOS	21

title (poster)	Authors	date
GENETIC AND CLINICAL SPECTRUM OF EPIDERMOLYSIS BULLOSA SIMPLEX IN ARGENTINA: EXPERIENCE FROM 195 PATIENTS IN A	MONICA INES NATALE	21
GMEB-SASS First-in-Human Trial of Bilamellar Gene-Corrected Skin Substitutes for the Treatment of Recessive Dystrophic	Mbarka Bchetnia	21
HAND RECONSTRUCTION IN A PEDIATRIC PATIENT WITH RECESSIVE DYSTROPHIC EPIDERMOLYSIS BULLOSA: CASE	SAMUEL RIBAK	21
IL-4 INHIBITORS FOR PRURITUS IN DYSTROPHIC EPIDERMOLYSIS BULLOSA: A SYSTEMATIC REVIEW	KUN ZHAN	21
Immune response and clinical severity are shaped by skinadapted Staphylococcus aureus in chronically infected patients	NATHALIA LUCIA BELLON	21
Immunological and Microbiological Factors Influencing the Effectiveness of Local Gene Therapy in Patients with Recessive	ORLOVA OLGA	21
INFLAMMATORY MODULATION BY CORD BLOOD STEM CELLS PREVENTED DIGIT DEFORMATION IN RECESSIVE DYSTROPHIC	MORGAN GABRIEL ANDERSONCRANNAGE	21
INVESTIGATING CHRONIC PAIN AND ITCH MECHANISMS IN A SKIN FRAGILITY DISORDER EPIDERMOLYSIS BULLOSA	DHANYASHREE SHANMUGANATHAN	21
Laboratory Abnormalities in Recessive Dystrophic Epidermolysis BullosaA Retrospective Single Center Study	EMILY GORELL	22
Epidermolysis Bullosa	Evelyng Catalán	22
Longitudinal Improvement in Epidermolysis Bullosa Simplex Patients with De Novo <i>KRT5</i> Mutations	NICHOLE HALLIBURTON	22
MANAGING PAIN IN EPIDERMOLYSIS BULLOSA: INSIGHTS FROM A SYSTEMATIC REVIEW AND META-ANALYSIS	CHRISTIAN PUTTINGER	22
Microcosting of hospital care for patients with recessive dystrophic epidermolysis bullosa in the UK	JEMIMA MELLERIO	22
Mucosal Involvement as a Defining Feature of Recessive Dystrophic Epidermolysis Bullosa Inversa	NICHOLE HALLIBURTON	22
Multiplex Engineered Gamma Delta T cells as Allogenic Micropharmacies with homing capability for systemic correction of	Jacob D. Jensen	22
Mupirocin Resistance of Staphylococcus aureus Isolated from Patients with Epidermolysis Bullosa	LISA REMER	22
National Registry of Epidermolysis Bullosa – 10-Year Analysis	JEANINE A MAGNO	22
NEGATIVE-PRESSURE WOUND THERAPY ASSOCIATED WITH FAT GRAFTING IN THE TREATMENT OF COMPLEX LOWER-LIMB	Gustavo Moreira Costa de Souza	22
Neither fully inside nor fully outside school experiences of adolescents with recessive dystrophic epidermolysis bullosa	CHRISTINE MARIE PIERRE BODEMER	22
NEW OROFACIAL MYOFUNCTIONAL THERAPEUTIC APPROACH FOR THE TREATMENT AND PREVENTION OF DYSPHAGIA IN EPIDERMOLYSIS BULLOSA WITH INVOLVEMENT ORAL AND	ANA PAULLA VASQUEZ	22
Novel Aggregation-Induced Emission (AIE) Photosensitizers-Enhanced Casein Nano Fabrics for Wound Management in	Nikolay Estiven Gomez Mesa	22
NOVEL DST VARIANTS CAUSING LATE-ONSET EPIDERMOLYSIS BULLOSA SIMPLEX: FIRST REPORTED CASE IN AUSTRALIA	NICOLE TOMAS, Dimitar Krastev	22
Oral health status, treatment needs and oral health-related quality of life in patients with epidermolysis bullosa (EB)A mixed-methods	GUDRUN SALAMON	22

title (poster)	Authors	date
Oral use of medicinal cannabidiol oil in the healing process in patients with epidermolysis bullosa – a clinical case report	FLAVIA REGINA NAKAMURA	22
ORTHODONTIC TREATMENT IN PATIENTS WITH EPIDERMOLYSIS BULLOSA (EB)—CLINICAL PRACTICE GUIDELINES (CPG)	SEBASTIÁN VELIZ	22
Podiatric problems and needs in individuals with epidermolysis	Maria Helena Sant Ana Mandelbaum	22
Pre-clinical Development of Gene Therapy for RDEB to Restore	JULIA CARNAZ BENINCASA	22
Prevalence of Epidermolysis Bullosa in Argentina Insights from a	LAURA VALINOTTO	22
PROFILE OF BRAZILIAN ADULTS WITH EPIDERMOLYSIS BULLOSA: A NATIONWIDE CROSS-SECTIONAL STUDY ON SOCIO-DEMOGRAPHIC, CLINICAL, AND NUTRITIONAL CHARACTERISTICS	MARCELA PERES RODRIGUES MADUREIRA	22
PSYCHOSOCIAL IMPACT OF EPIDERMOLYSIS BULLOSA ON PATIENTS AND RELATIVES: A SYSTEMATIC REVIEW	PETRA HITTHALERWAGNER	22
Quality of life in recessive dystrophic epidermolysis bullosa findings of the Prospective Epidermolysis Bullosa Longitudinal Evaluation	JEMIMA MELLERIO	22
Recessive dystrophic epidermolysis bullosa and kidney	NATHALIA LUCIA BELLON	22
School Management Strategies for the Inclusion of Children with	Rafaela Steinbach	22
SQUAMOUS CELL CARCINOMAS ASSOCIATED WITH EPIDERMOLYSIS BULLOSA: EXPERIENCE OF TREATMENT	ZINOVEV GRIGORII	22
SYMPTOM BURDEN IN RECESSIVE DYSTROPHIC EPIDERMOLYSIS BULLOSAFOCUS ON PAIN AND PRURITUS	RAPHAELLA THAYNÁ RODRIGUES CORRÊA	22
TARGETING CYTOKINE PATHWAYS FOR DRUG REPURPOSING IN EPIDERMOLYSIS BULLOSA: A COMPREHENSIVE SYSTEMATIC	SOPHIE ANDREOU	22
TARGETING PAIN FOR A BETTER QUALITY OF LIFE IN EB: A	PETRA HITTHALERWAGNER	22
THE BULGARIAN PATHWAY TO BEREMAGENE GEPERPAVEC	DIMITAR LACHEZAROV KRSTEV	22
THERAPEUTIC USE OF BOTULINUM TOXIN IN THE OROFACIAL REGION IN PATIENTS WITH RECESSIVE DYSTROPHIC	SUSANNE KRÄMER	22
Topical Use of Cannabidiol Foam and Phytoactives in the Healing Process of Patients with Epidermolysis Bullosa –Case Report	FLAVIA REGINA NAKAMURA	22
TOWARDS A MINIMALLY INVASIVE DIAGNOSTIC FOR EARLY DETECTION OF CANCER IN RECESSIVE DYSTROPHIC	ALBERT SLEIMAN MELLICK	22
TREATMENT OF DYSTROPHIC EPIDERMOLYSIS BULLOSA WITH	LUANA EVANGELISTA THICHAKI	22
UNRAVELING INFLAMMATION IN RDEB: INSIGHTS FROM COL7A1-KNOCKOUT HUMAN FIBROBLASTS	GABRIELA DIAS VETORAZZI	22
WARTS AND ALL?: A 13 YEAR UPDATE ON THE WORLDS FIRST RENAL TRANSPLANTATION IN A PATIENT WITH JUNCTIONAL	DANIEL YIU	22
Wound precede my being a personal narrative study on the suffering experiences of individuals with Hereditary Epidermolysis	CHU CHEN JU	22

oral presentation + poster	Authors	date
Immunofluorescence Mapping vs. Electron Microscopy in Epidermolysis Bullosa Comparative Retrospective Study in 84 Genetically Confirmed Patients in Australia	Nicole Tomas	21
Epidermolysis Bullosa Patients and Their Families	Kun Zhan	21
	Gudrun Salamon	21
Low-level laser therapy in Junctional Epidermolysis Bullosa	Susanne Krämer	21
The EB Cell Atlas: A Framework for Translational Drug Discovery	Christina Guttmann-Gruber	21
Improving skin regeneration in JEB by targeting the integrin $\alpha\text{v}\beta\text{6}$	Viktorija Lapinska	21
KLHL24 Mutation Drives Intermediate Filament Degradation, Mitochondrial Dysfunction and Fibrosis in heart failure patients	Veronika Ramovs	21
Epidermolysis Bullosa healing	Priya Garcha	21
	Evelyn Catalán	22
cancer in Recessive Dystrophic	Albert Mellick	22
Splice modulation strategies using antisense oligonucleotides for Recessive Dystrophic Epidermolysis Bullosa	Matthias Titeux	22
Diagnosis to Prime Editing	Fernando Larcher	22
COL7A1 using Cytosine or Adenine Base editing to treat recessive dystrophic epidermolysis bullosa	Araksya Izmiryan	22
Correction in a Prevalent Brazilian Pathogenic Variant of Recessive Dystrophic Epidermolysis Bullosa	Laurent Ketlen Leão Viana	22
Pilot Study of ELK-003 Eye Drops for Treating Ocular Manifestations of Epidermolysis Bullosa (GOTAS-ELK-EB)	Francis Palisson	22
forms of epidermolysis bullosa: effect on nutritional, growth, and hematological parameters, and iScorEB	Mariana Rivera-Salazar	22
LIVING WITH DYSTROPHIC EPIDERMOLYSIS BULLOSA IN POLAND: FIRST NATIONAL ASSESSMENT OF QUALITY OF LIFE AND CLINICAL	NATALIA BIEN	22
